CONTENTS Volume 53 1998

Volume 53 No. 1

Conditioning promotes regeneration and transformation in apple leaf explants
S. Sriskandarajah, P. Goodwin **1–11**

Induction of embryogenic mango cultures as affected by genotype, explanting, 2,4-D and embryogenic nurse culture
R.E. Litz, R.C. Hendrix, P.A. Moon, V.M. Chavez **13–18**

Evaluation of salt tolerance in cultivated and wild tomato species through *in vitro* shoot apex culture
E.A. Cano, F. Pérez-Alfocea, V. Moreno, M. Caro, M.C. Bolarín **19–26**

Effect of culture period and cell density on regrowth following cryopreservation of embryogenic suspension cultures of Norway Spruce and Sitka spruce
J.I. Find, M.M.H. Kristensen, J.V. Nørgaard, P. Krogstrup **27–33**

Production of daidzein by callus cultures of *Psoralea* species and comparison with plants
V. Bouque, F. Bourgaud, C. Nguyen, A. Guckert **35–40**

Vesicular arbuscular mycorrhizal fungi improves establishment of micropropagated *Leucaena leucocephala* plantlets
J.T. Puthur, K.V.S.K. Prasad, P. Sharmila, P.P. Saradhi **41–48**

Indifference of potato anther culture to colchicine and genetic similarity among anther-derived monoploid regenerants determined by RAPD analysis
S. Teparkum, R.E. Veilleux **49–58**

Effect of amino acids, growth regulators and genotype on androgenesis in barley
J.T. Ouédraogo, C.-A. St-Pierre, J. Collin, S. Rioux, A. Comeau **59–66**

Research notes

Screening wheat genotypes for high callus induction and regeneration capability from anther and immature embryo cultures
H. Machii, H. Mizuno, T. Hirabayashi, H. Li, T. Hagio **67–74**

Rosmarinic acid and related phenolics in transformed root cultures of *Hyssopus officinalis*
Y. Murakami, T. Omoto, I. Asai, K. Shimomura, K. Yoshihira, K. Ishimaru **75–78**

Volume 53 No. 2

***In vitro* stem elongation of sweet pepper in media containing 24-epi-brassinolide**
M. Franck-Duchenne, Y. Wang, S. Ben Tahar, R.N. Beachy **79–84**

Micropropagation of 'Ākia (*Wikstroemia uva-ursi* A. Gray)
C. Tanuwidjaja, D.T. Webb, Y. Sagawa **85–90**

Effect of light quality on somatic embryogenesis of quince leaves
C. D'Onofrio, S. Morini, G. Bellocchi **91–98**

Factors influencing induction, propagation and regeneration of mature zygotic embryo-derived callus from *Allium cepa*
S. Zheng, B. Henken, E. Sofiari, E. Jacobsen, F.A. Krens, C. Kik **99–105**

***In vitro* shoot culture and microtuber induction in the steroid yam *Dioscorea composita* Hemsl**
S. Alizadeh, S.H. Mantell, A. MariaViana **107–112**

Isolation and culture of protoplasts from immature leaves and embryogenic cell suspensions of *Dioscorea* yams: tools for transient gene expression studies
M. Tor, C.T. Twyford, I. Funes, J. Boccon-Gibod, C.C. Ainsworth, S.H. Mantell **113–125**

Plant regeneration from cocoyam callus derived from shoot tips and petioles
L.M. Nyochembeng, S. Garton **127–134**

Influence of auxins on alkaloid accumulation by a transgenic cell line of *Catharanthus roseus*
S. Whitmer, R. Verpoorte, C. Canel **135–141**

Growth characteristics and nutrient depletion of *Miscanthus* × *ogiformis* Honda 'Giganteus' suspension cultures
I.B. Holme **143–151**

Adventitious shoot production from strips of stem in the Dutch elm hybrid 'Commelin': plantlet regeneration and neomycin sensitivity
H. Ben Jouira, A. Hassairi, C. Bigot, N. Dorion **153–160**

Volume 53 No. 3

Response of *in vitro* cultures of *Nicotiana tabacum* L. to copper stress and selection of plants from Cu-tolerant callus
P. Gori, S. Schiff, G. Santandrea, A. Bennici **161–169**

Influence of different macronutrient solutions and growth regulators on micropropagation of juvenile *Acacia mangium* and *Paraserianthes falcataria* explants
M.-C. Bon, D. Bonal, D.K. Goh, O. Monteuuis **171–177**

Effect of dimethyl-β-cyclodextrins on resveratrol metabolism in Gamay grapevine cell cultures before and after inoculation with *Xylophilus ampelinus*
M. Morales, R. Bru, F. García-Carmona, A. Ros Barceló, M.A. Pedreño **179–187**

Calorespirometric studies of *in vitro*-grown carnation (*Dianthus caryophyllus* L. var. 'Improved White Sim') shoot tips
M.R. Stoutemyer, D.W. Burger **189–196**

Comparison of tuber and shoot formation from *in vitro* cultured potato explants
D. Vreugdenhil, Y. Boogaard, R.G.F. Visser, S.M. de Bruijn **197–204**

Adventitious shoot regeneration from leaf explants of an African clone of cassava (*Manihot esculenta* Crantz) and analysis of the conformity of regenerated plants
I. Mussio, M.H. Chaput, I. Serraf, G. Ducreux, D. Sihachakr **205–211**

Research notes

In vitro screening for cold hardiness of raspberry cultivars
P. Palonen, D. Buszard **213–216**

Thidiazuron-induced shoot regeneration in pigeonpea (_Cajanus cajan_ L.)
S. Eapen, S. Tivarekar, L. George **217–220**

Enhancement of _in vitro_ growth of papaya multishoots by aeration
C.-C. Lai, T.-A. Yu, S.-D. Yeh, J.-S. Yang **221–225**

Instructions to authors **227–229**

Author index **230**

Contents Volume 53 **231–233**
